

## Coastal Moving and Storage Inspires the Community to Feed Others in Need

Jay Bradshaw is owner of Coastal Moving and Storage, Pensacola, Florida, and also a board member of Manna Food Pantries. He was more than happy to lend a truck to help in Manna's largest fundraiser of the year—the "Fill the Mayflower" campaign. This year more than \$20,000 was raised and enough food donated to provide 70,335 meals a day for 60 percent of the clients the organization sees annually. Manna helps those in need all along the Gulf Coast, serving more than 33,000 people last year. To view the complete story, [click here](#).

## Dircks Moving & Logistics Celebrates Silver Anniversary with Arizona State University

In 2015, Dircks Moving & Logistics, Phoenix, Arizona, will be celebrating 25 years of partnership with Arizona State University. Over the last 24 years, Dircks has been immersed on ASU's campus by having crews perform a variety of services including warehousing and storage, workplace solutions and faculty relocations. In recent years, it's estimated that Dircks' crews spend more than 200 days a year on campus. And, beginning next year, Dircks will be ASU's exclusive facility mover which will be no small feat as the university is one of the largest in the nation.

As Arizona State University alumni, Chip and Rick Dircks pride themselves and their business on leading the way to be active and helpful in the community—especially when it comes to their alma mater. Dircks is essentially a staple to the Arizona State community; whether it's moving the Sun Devil Football Team equipment for the past 24 years for each and every one of their road games, as members of the ASU President's Club and ASU West Community Leadership Board or currently moving Arizona State's baseball team from Packard Stadium to their new facility at Phoenix Municipal Stadium—Dircks has become ASU's moving and logistics answer. And when it's all said and done, Dircks hasn't stopped there. Dircks is now partnering with the W.P. Carey Business School at Arizona State to offer a new Logistics degree.

Dircks Moving & Logistics was an active vendor at ASU's recent Supplier Showcase held on campus.

## Agent Reviews

### Dircks Moving & Logistics

Phoenix, Arizona

"I just wanted to send a quick note of thanks for your help with our relocation. Our furniture and belongings arrived last Saturday and while we are still unpacking, we are finally getting settled in. Couldn't have done this without Dircks Moving & Logistics and your team!"

### Shamrock Moving and Storage, Inc.

Wakefield, Massachusetts

"I recently moved and was extremely impressed with the service, professionalism, cost and reliability of Shamrock Moving and Storage/Mayflower! The movers were professional, efficient and polite. They even waited for the cable installer to complete installation to help me lay down a large carpet after everything was moved. I paid exactly what was originally quoted to me. No hidden costs or fees. They arrived on time and didn't stop until the move was complete. They took extra care with antique pieces and placed each item/box exactly where I wanted it. I would highly commend this well-established moving company!"
